POLICY & OBJECTIVES

THE GANA HEALTHCARE Corporation quality policy is to achieve sustained, profitable growth by providing services which consistently satisfy the needs and expectations of its customers.

This level of quality is achieved through adoption of a system of procedures & efficient technical assistance.

Achievement of this policy involves all staff, who are individually responsible for the quality of their work, resulting in a continually improving working environment for all. This policy is provided and explained to each employee by the Managing Director or Quality Manager.

To achieve and maintain the required level of quality, the Managing Director himself & all staff retains responsibility for the Quality System with routine operation controlled by the Quality Manager.

The objectives of the Quality Assurance System are:

- a) To achieve and maintain a level of quality which enhances the Company's reputation with customers.
- b) To ensure compliance with relevant statutory and safety requirements.
- c) To endeavor, at all times, to maximize customer satisfaction with the services provided by our team effort.

OUR CUSTOMER POLICY: ONCE A CUSTOMER, ALWAYS A CUSTOMER

Customers & Partners

THE GANA HEALTHCARE Corporation functions keeping in mind the motto: "ONCE A CUSTOMER, ALWAYS A CUSTOMER." We consider Customers as an integral and important part of our Business and constantly endeavor to strengthen relationships with customers by offering excellent quality products, competitive prices and outstanding services.

GANA HEALTHCARE also enjoys a friendly, collaborative relationship with its vendors and suppliers. We treat them as integral part of our supply and procurement chain for providing better and effective services to our customers.

A SMALL GLIMPSE OF OUR CEO

Ever since the establishment, we have endeavored to contribute to the prosperity of our clients and society from a global perspective.

Our business can be divided into four key areas, namely, our domestic construction business, overseas export business, domestic pharmaceutical business, and environmental business. To add further value to these areas, we strive to provide services tailored to the individual needs of our clients, both in India and overseas, by using our technologies and the know-how which we have acquired through our experience and achievements.

The changing environment and diversifying needs—

Today, uncertainty about the global economy is widespread. By viewing changes in our environment as business opportunities, we remain firm in our commitment to developing advanced technologies and formulating innovative proposals unique to our company. In addition to fulfilling our social responsibilities, our employees continue to focus all of our corporate resources to provide professional services to meet our client needs. To that end, we would like to ask for your continued support and patronage to help us serve all our clients
